Dear Sir:

REQUEST FOR RECONSIDERATION

In response to the Decision on Petition mailed October 1, 2007, Applicants request reconsideration of the petition as filed on June 28, 2007, to correct the identity of the international application for which national stage entry is sought.

Applicants submit that the above-referenced application is a U.S. National Phase application based on International Application No. PCT/NO2004/000288 as published in International Publication No. WO 2005/032002.

Upon electronic filing of the application, a typographical error was made when entering the international application number. The incorrect application number of PCT/US2004/00288 was entered in place of the correct application number of PCT/NO2004/000288. Applicants submit that this error was a typographical error and was unintentional.

The International Publication No. WO 2005/032002 submitted at the time of filing correctly states the international application as PCT/NO2004/000288. Additionally, the International Preliminary Report on Patentability and an unsigned Combined

Declaration and Power of Attorney filed with the application also show the correct international application. Further, the signed Combined Declaration and Power of attorney was submitted on June 25, 2007.

Applicants request the correction of the identity of the international application for which national stage entry is sought to International Application No. PCT/NO2004/000288. The Commissioner is hereby authorized under 37 CFR 1.17(h) to charge counsel's Deposit Account No. 20-0782/HAMS/0003/WBP any additional fees required to make this Petition acceptable to the US Patent and Trademark Office.

Applicants respectfully submit this Petition and requests acceptance of same.

Respectfully submitted,

William B. Patterson
